The sun is bright, but quite a spiteful jerk sometimes we've found,							
G C	:	D	G	CG			
But if we sacrifice some goats Maybe he'll come around.

The sun is a mass of incandescent gas, a gigantic nuclear furnace.							
G	С	G	D	G	CG		
Where hydrogen makes helium at a temperature of millions of degrees							
G	G	G	D				
The sun is hot, the sun is not a place where we could live.							
G	С	D	G	CG			
But here on earth there'd be no life without the light it gives.							
G	С		G		D	Em	
The sun is a miasma of incandescent plasma. The sun's simply not made out of gas. No! no! no!							
G	С		G		D	G C G	
The sun can inspire, but it's not made of fire. Forget what you've been told in the past.

(Plasma!) Electrons are free. (Plasma!) A fourth way to be. Not gas, not liquid, not solid.							
G C	G	D D		G	D	G	D G
(Plasma!) Forget that song. (Plasma!) They got it wrong. The thesis has been rendered invalid
